### “Drive Sober or Get Pulled Over”

Cracking Down On Impaired Driving to Save Lives

- According to the National Highway Traffic Safety Administration, 32,885 people were killed in motor vehicle traffic crashes in 2010. Thirty-one percent (10,228) of those fatalities involved an alcohol-impaired driver.
- The holiday season is particularly dangerous. During December 2010, 2,597 people lost their lives in motor vehicle traffic crashes, and 775 (30%) involved an alcohol-impaired driver.
- Data further shows that over two-thirds (71%) of those killed in December 2010 were in alcohol-impaired crashes where a driver tested at a blood alcohol concentration of .15 grams per deciliter and above.
- During December 2010, 25 people were killed in impaired-driving crashes per day on average.
