

# MCLB ALBANY SAFETYGRAM

## VPP Awareness: CY13 VPP Passport

### VPP Passport

Marine Corps Logistics Base  
Albany, Georgia

### CY13 VPP Passport

***Thank you for participating in the CY12 VPP Passport program. This effort was a huge success. Colonel Davis asked Risk Management to develop a new VPP Passport for CY13. The purpose of the VPP Passport is to get you involved in the safety program and prepare us for the Occupational Safety and Health Administration On-Site Evaluation. Please make it your personal goal to complete the action items outlined in this VPP Passport by December 20, 2013.***

### What's new in this year's VPP Passport?

1. Some of the action items in the CY13 VPP Passport contain a quick reference (QR) code. Use a smartphone to connect to the website that provides information that relates to that particular action item. For example, the QR code to the right is linked to the Commanding Officer's 5-4-3-2-1 Leadership Philosophy.
2. CY13 Command Safety Goals
  - Goal #1 Reduce Fire Hazards by 20%
  - Goal #2 Train Workforce on the Globally Harmonized System
3. Did You Know? Examples:
  - The tools you use at work to keep you safe can also be used at home to keep your family safe.
  - Our safety program has been awarded for excellence 11 times in the past 12 years.
