

MCLB ALBANY SAFETYGRAM

2023 Command Safety Goal: Increase Awareness of Joint Risk Assessment Tool (JRAT)

The Joint Risk Assessment Tool (JRAT) is an interactive, web-based application that helps the U.S. Armed Forces to apply risk management and to share the assessment across the services – worldwide. Previously, each service used its own risk assessment tool, and even within the Marine Corps, commands would use a Word or Excel document replicating the deliberate risk assessment. The JRAT assists the user with completing a Deliberate Risk Assessment Worksheet (DRAW). It guides the user through each of the steps in an intuitive fashion with help screens and process information. The JRAT allows the chain-of-command to supervise and conduct quality control of the risk assessment process. The site will also provide up-to-date and relevant safety information and tutorials, as is the primary tool for the Marine Corps for the Joint Risk Assessment process.

The 2023 Command Safety Goal for Marine Corps Logistics Base Command, is to increase awareness of JRAT within the command so all personnel can understand the process, prepare Risk Management assessments using JRAT and review/validate existing risk assessments. The progress towards the goal will be measured by completing the following objectives:

	Objective	Objective Leader	Completion Date
1	Revise MCLBAO 3500.1A, Risk Management dated 20 October 2015 to include implementation of the Joint Risk Assessment Tool in accordance with MCO 5100.29C.	Installation Safety Manager	28 February 2023
2	Complete JRAT training provided by the Installation Safety Manager for all personnel. Contractors are also invited to view the JRAT training.	Division Directors, Special Staff and HQ Company Commander	15 May 2023
3	Conduct a thorough risk assessment for new or complex non-routine events, operations, or processes using the five steps of Risk Management. Use JRAT to complete at least one deliberate risk assessment.	Division Directors, Special Staff and HQ Company Commander	1 August 2023
4	Ensure risk assessments are integrated into SOP's, written processes, checklists and safety briefings.	Division Directors, Special Staff and HQ Company Commander	16 December 2023

Marines and Civilian Marines can get an account to access to JRAT by accessing: <https://jrat.safety.army.mil> (CAC required)
Once login, video tutorial on introduction to JRAT is found at: <https://safety.army.mil/jrat/jrat.mp4>
